NetNumber Founder to Present View on Creating Competitive Advantage with Signaling Control at i3forum

LOWELL, Mass. — May 6, 2014

WHO:

Douglas Ranalli, NetNumber Founder and Chief Strategy Officer, is scheduled to deliver a presentation entitled “*IPX Signaling-Control: Creating competitive advantage through investment in signaling-control solutions*” at this year’s i3forum Conference.

WHEN:

Thursday, May 15, 2014, 9:30-10:30 am Central

WHERE:

5th Annual i3forum Conference at ITW 2014
Hyatt Regency Chicago Hotel
Chicago, IL USA

WHAT:

In his presentation, entitled “*IPX Signaling-Control: Creating competitive advantage through investment in signaling-control solutions*,” Mr. Ranalli will offer recommendations for building a better IPX in light of the challenging business and technical environments. He will share key learnings from deployments of NetNumber’s TITAN platform to highlight how interchange carriers can create competitive advantage using signaling control as service differentiation.
